In signing this agreement, I agree to use my connection to iDRS on the computer system at the Data Management Group only for the purpose of data extraction and retrieval. I agree to obey all rules communicated to me, in particular, any procedures required to maintain system security. I will not permit any other person to use my account, nor will I use the account of another user. Although the Data Management Group will attempt to maintain service at all times and provide regular file back-up, the contents of all files generated are the responsibility of the user.

Although the Data Management Group has attempted to ensure the accuracy of the data, the data is provided "as is" and no warranty is provided, either express or implied, that the data is indeed accurate nor that the data is suitable for your particular needs. In no event will the University of Toronto, the Joint Program in Transportation, the Data Management Group or any of its funding agencies be liable for any indirect, special, consequential or other damages however caused.

I agree not, except with express written consent of the Director of the Data Management Group, to sell or otherwise distribute the data to other parties. Finally, I understand that permission to use the system will be withdrawn if I do not abide by the conditions outlined above.
