

2006 TRAFFIC ZONE BOUNDARIES

**Zone Numbers
&
Detailed Definitions**

2006 TRAFFIC ZONE BOUNDARIES

*Prepared for the
Transportation Information
Steering Committee*

*By the
Data Management Group
Department of Civil Engineering
University of Toronto*

June 2009

PREFACE

This report presents the 2006 traffic zone boundary definitions. The report is divided into two parts. The first part presents the traffic zone numbers by local municipalities in the 2006 TTS survey area. The second part presents detailed zone descriptions by overlaying the zone boundaries on a graphical representation of spatial features such as streets, rivers and railroad tracks.

The 2006 traffic zone system includes all areas surveyed in the 2006 TTS. It has been customised for the 2006 TTS data. The 2006 traffic zones are similar to the 2001 zones. Within the Greater Toronto and Hamilton area, modifications have been made to the zones in all regions except for Halton Region. For more information, please contact:

Data Management Group
Department of Civil Engineering
University of Toronto

Fax: (416) 978-3941

This report was prepared for the Transportation Information Steering Committee (TISC) through the direction of its technical committee, the Transportation Research and Data Management Group (TRADMAG). The committees are represented by the following agencies:

City of Hamilton
City of Toronto
GO Transit
Ministry of Transportation, Ontario
Regional Municipality of Durham
Regional Municipality of Halton
Regional Municipality of Peel
Regional Municipality of York
Toronto Transit Commission
